

A proper meal at school has a large impact on the ability to concentrate, and ensure that the learning environment in class is at its best, so refilling with energy in the middle of the day keeps the blood sugar stable. Milk is naturally rich in vitamins, minerals and proteins that the body needs every day. There are several products to choose from in the school milk arrangement. You can read more about the products on www.skolemek.no/produkter.

**You can now order school milk for January to June 2017.
You can place your order at www.skolemek.no at any time during
the school year.**

Not ordered school milk before?

1. Register as a new user – Registrer deg som ny bruker

Create new user under foresatte. Enter guardian's name, surname, phone number and e-mail address. Choose your own password. Log in with e-mail address and your chosen password.

2. Register new student – Registrer ny elev

Register the student(s) and sign up for a subscription for either ½ or 1 school year at a time. Choose student, county, municipality, school and class. Choose product. Add the desired product to the shopping cart. If you wish to register more students, repeat the process.

3. Payment – Til betaling

Proceed to payment, choose the preferred payment method and complete the order. Remember to enter your street address if you are paying by invoice. There is an invoice fee for paying by invoice. Paying by credit card is free of charge. The payment will start when the milk is delivered for the first time.

4. Complete order – Fullfør bestilling

You will receive an order confirmation by e-mail from TINE SA. Here you will get information such as date of first delivery and how many days the payment/subscription applies to.

You can sign your child up any time during the school year, but we encourage everyone to sign up as soon as possible, preferably before 1st September for the fall semester and 1st February for the spring semester. This way the school will get a quicker overview over the students that have been signed up.

Due to the agricultural price negotiations, TINE will set the prices as soon as the negotiations are done in June. If you decide to order school milk for the entire school year when the school start, you avoid any increase in prices in January, and you're guaranteed the same price throughout the entire school year. The milk costs the same at all schools that are the part of the subscription program at skolemek.no.

If you have any questions regarding school milk, you can see under "Ofte stilte spørsmål" on the homepage of www.skolemek.no, read the user terms and conditions or contact us on 513 71 510 or by e-mail: skolemek@tine.no.

Best regards **TINE SKOLEMELK**
